Community Experience Report

Paper is to be typewritten, double spaced, and written using American Psychological Association (APA) manual guidelines. Content must include the following:

1. Name of the organization
   - Provide the name and address of the organization.

2. Purpose of the organization
   - Detail and clear description of the purpose of the organization.

3. Population served (type of and disease(s) served)
   - Show excellent understanding of the population served at this organization

4. Geographical/environmental issues (describe the facility, physical layout, accessibility, transportation issues if any)
   - Detail and complete analysis of more than four geographical and environmental issues of the organization.

5. Professional services available in this setting
   - Identify more than three professional services available in this setting

6. Social issues in the lives of the population
   - Insightful and detail discussion of more than four social issues of the population

7. How does the organization communicate internally and with the larger community?
   - Discuss more than four ways the organization communicates internally and with the community.

8. What activities did you do during your community experience?
   - Discuss more than four activities during the community experience.

9. Programs or changes to better serve the community
   - Discussion includes more than four program changes to better serve the community.

10. APA Format
    - Follow the APA format with one or no APA violations, grammar and spelling errors for full points.

11. Your CER/CEP is incomplete without the Community Experience Documentation Form!

Assignment due date TBD - please refer to instructions provided by your instructor.
